

The Lemonade War

By Jacqueline Davies

DISCUSS

Talk through your thoughts.

- Save some receipts and take some time to talk about what is on the receipts with an adult.
- Are you competitive? Is this a good trait? Why or why not?

CREATE

Make an experience of your own.

- Get creative and find some friends to have a “stand” with – lemonade, popsicles, bracelets, or other creative ideas. Make a list of the things you will need and check with an adult before you start.
- This book has a lot of math in it. Make up some math problems with friends and have a “race” to finish them (correctly 😊).

IMAGINE

Use your imagination to explore.

- Read part of your favorite chapter to someone. Are you more like Evan or Jessie?
- Lots of people raise money to help others. Find out more about organizations near you that help others with food, clothing, and/or jobs. How can you help?
